

Educational Activities, Inc. Presents.....

ONE VOICE FOR CHILDREN

All the little dolphins way down
In the deep blue sea all around
Learning how to play and to swim
Ask their mama how to begin

Their mama said. . .
"Get ready to move
Point up to the sky
Always be proud you're a dolphin
Hold your head up high
Get set to swim and dive
As you sing this song
You are growing up each day
You are growing strong. . ."

Chorus: So swim, swim, swim, swim—swim
Never stop
Swim, swim, swim, swim—swim
All you've got
Swim, swim, swim, swim—swim
Never stop
Keep going, high, high, high. . .
To the top, yeh,
Swim to the top

All the little sea turtles way down
In the deep blue sea all around
Learning how to play and to swim
Ask their daddy how to begin

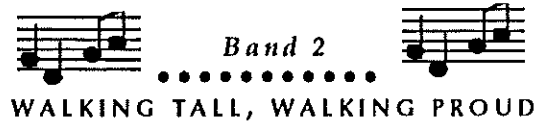

Their daddy said. . .
"Get ready to move
Paddle strong and wide
Always be proud you're a turtle
Hold your head up high
Get set to paddle and glide
As you sing this song
You are growing up each day
You are growing strong. . ."

Repeat Chorus

All the little fishies way down
In the deep blue sea all around
Learning how to play and to swim
Ask their grandma how to begin

And their grandma said. . .
"Get ready to move
Flutter your fins by your side
Always be proud you're a fish
Hold your head up high
Zig-zag back and forth
As you sing this song
You are growing up each day
You are growing strong. . ."

Repeat Chorus

Come on everybody are you ready to walk
A very special kind of walk
You can do it—join me now
We're gonna walk tall and proud
Show how you look when you're feeling proud
Sing and answer me out loud

Call & Response

Action Verse: Stand up straight and proud
I'm standing straight and proud
Raise your head up high
I've got my head up high
Let your eyes shine bright
My eyes are shining bright
Move your arms right by your side
I've got my arms right by my side
Say—"I feel good inside"
I feel good inside
Now, give a positive proud smile
I've got a positive proud smile
Let's try—walk like you're feeling proud

Chorus: Everybody
Walk, walk you've got it now
Walk, walk you know how
Walk, walk you're looking proud
Walking tall, walking proud
Walking tall, walking proud

Keep going now

Walk, walk you're doing great
Walk, walk I've got to say
Walk, walk you know the way
Walking tall, walking proud
Walking tall, walking proud

So proud and I'm feeling so good right now
Let's stop for a little while
And say why you're feeling proud. . .

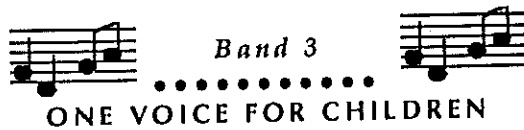

Responses

Now sing with me right out loud
Together let's walk to the sound
You can do it—join me now
We're gonna walk tall and proud
Show how you look when you're feeling proud
Sing and answer me out loud.

Repeat Call and Response Action Verse

Repeat Chorus

Now, stop walking to the sound
Stand and jump and say "I'm proud!"

Will you sing one song
Will you touch one hand
Will you light one light
Will you take a stand

Will you give them hope
Lead them to believe
See your children grow
See your children dream

Can you give your time
Can you give your heart
Will you wipe their tears
When they fall apart

Will they know your love
Lead them to be free
See your children grow
See your children dream

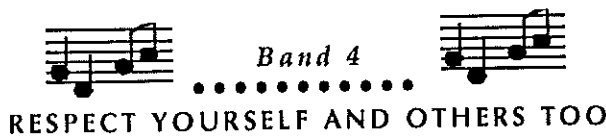

Chorus: Sing with one voice for children
Sing with one voice for children everywhere
Sing with one voice for children
Sing out loud, sing out long,
Sing out proud, sing out strong

There's so much that I can be
I thank you to help me see
Everyday I like to play
And to learn so many things

Please see me for all I am
I will show you that I can
I need you so - don't you know
Sing together - hand in hand

Repeat Chorus 2x

Sing with one voice for children

There is something you can give to others
And others can give to you
There is something you can give to yourself
And you'll feel so proud too
It's not a toy or a teddy bear
It comes from you and me
It's a special thing everyone can feel
Let's spell it and I think you'll see

After me say
R E S P E C T
for you and me

What's the word? RESPECT
What's the word? RESPECT
It's so important that you do
Respect yourself and others too
It's so important that you do
Respect yourself and others too, alright

You can share respect each day
And do you know it's true
Young or old, big or small
And every color too
People all around the world
Like to share respect
Respect for how we feel and live
Respect to give and get

Get set say
R E S P E C T
for you and me

What's the word? RESPECT
What's the word? RESPECT
It's so important that you do
Respect yourself and others too
It's so important that you do
Respect yourself and others too

You can do it!

Respect is showing you care how someone feels
Respect, respect
Respect is listening when someone talks to you
Respect, respect
Respect is saying please and thank you every day
Respect, respect
Respect is liking someone for their special ways
Respect, respect
It's so important that you do
Respect yourself and others too

Sing along now,

Respect for yourself is eating well each day
Respect, respect - three good meals a day
Respect for yourself is sharing how you feel
Respect, respect
Respect for yourself is sleeping well each night
Respect, respect - get a good night's sleep
Respect for yourself is being proud of who you are
Respect, respect - feeling proud

It's so important that you do
Respect yourself and others too
It's so important that you do
Respect yourself and others too

Join me now let's sing out strong
R-E-S-P-E-C-T

Respect for you, respect for me
R-E-S-P-E-C-T
Will help us live in harmony
Will help us live in harmony, alright
Can you feel it now
R-R-R-R-R- RESPECT!

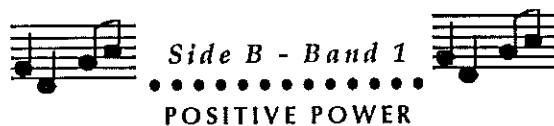

Let's all make a circle
A circle that goes round and round
A circle of friends that all join their hands
Together to say "yes we can"
In a circle with hope - that will never end
A circle that turns in a circle of friends

Chorus I: And the circle goes round and round
The circle keeps turning with the sound
The circle moves out
The circle moves in
The circle can change - but will never end
Each day that we live - we can begin
A circle that turns - in a circle of friends

Let's all make a circle
A circle that goes round and round
A circle of friends - all shaking hands
Together - to share how they've been
In a circle with care - that will never end
A circle that turns in a circle of friends

Chorus II: And the circle goes round and round
The circle keeps turning with the sound
The circle moves high
The circle moves low
The circle is strong as each of us grows
Each day that we live - we can begin
A circle that turns - in a circle of friends

Repeat Chorus II

If the road is long and it turns and winds
I'll just keep on walking—I've just got to try
If the river is wide and the water is rough
I'll just keep on swimming—I won't ever give up
If the rain falls down and the sun won't shine
I'll just keep on searching for that rainbow of mine
And if the mountain is high and the mountain is tough
I'll just keep on climbing till I make it to the top

Bridge: I know I can do it
Got to go and try
Feel that I can make it
Reach up for the sky

Chorus: I've got power - power
Power - power
I've got positive - positive
Positive - positive

Power - power
Power - power
I've got positive - positive
Positive - positive
Power - pppower

You've got power inside of you
And there's so much that you can do
Think and feel, learn and choose
Make new friends and tell the truth
Laugh and play, dream and share
Tell someone how much you care
There's so much that you can do
You've got power inside of you

Now let's sing
I can do it - I can do it
I can do it - I can do it
Power - power
I've got power - power

Let's sing
I can make it - I can make it
I can make it - I can make it
Power - power
I've got power - power

Let's sing
I can do it - I can do it
I can do it - I can do it
Power - power
We've got power - power

Repeat First Verse

Repeat Bridge & Chorus

Dream - dream
Dream - dream
Hold a dream in your heart

Dream - dream
Dream - dream
Hold a dream in your heart

Come on along and...
Dream a dream with me
Everybody dreams, you see
Dreaming can be so good for you
You can really make a dream come true

Now sing a song and...

Bridge: Dream - you can do so many things
Dream - you can help the world sing
Dream - you can go so very far
Dream - you can reach for a star

And remember...
Always, everyday hold a dream in your heart

Chorus: With a dream in your heart
All the world is waiting for you
With a dream in your heart
You can turn the grey skies to blue

With a dream in your heart
 You can be happy your whole life through

So children!
 Always, everyday - hold a dream in your heart
 Always, everyday - hold a dream in your heart

Repeat Bridge and Chorus

EVERYONE'S DIFFERENT

Everyone's different and special you know
 Everyone's different from their head to their toes
 Neighbors and friends of all colors and race
 Grown-ups and grandmas of all sizes and shapes.

Sisters and brothers who are short or tall
 Teenagers and babies - so big and so small
 People who live all over the world
 Everyone's different - each boy and each girl.

Black skin and white skin, olive and brown
 Beautiful colors you see all around
 Blue eyes and green eyes, red hair and gray
 All different colors you see every day.

Everyone's different - just listen and hear
 All the ways people talk and sing-out and cheer
 All different languages people can speak
 Like English and Spanish and Hebrew and Greek.

Everyone's different - just look all around
 All different cultures in the cities and in the towns
 All different people - to learn all about
 From the East and the West and the North and the South.

There are children at home and children at school
 Children with walkers and in wheelchairs, too
 Children who run and children who ride
 Children who feel so proud deep inside.

All different noses - all different smiles
 All different ways to laugh and to cry
 It's really a miracle and so wonderful, too
 To all be so different and be special - like you!
 Everyone is different.

LISTEN REALLY LISTEN

Listen really listen

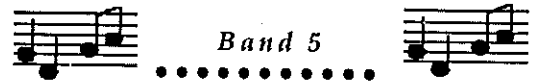

Introduction: Listen really listen
 To the sounds all around
 Listen really listen
 To the sounds all around

Verse 1: It's so nice to talk and to share how you feel
 Talking with each other is so good and so real
 But there are times when being quiet is best
 And listen to the sounds
 Listen to the sounds

Sounds: Listen to the sound
 Listen to the sound
 Listen to the sound
 Listen to the sound

Chorus: Listening helps you learn you see
 Listening helps you understand just how
 people feel
 Listening shows respect for others
 And listening can help to work a problem out
 That's what it's about

Repeat Introduction, Verse One, Sounds and Chorus
 Repeat Introduction and Chorus

SPECIAL SONG OF THANKS

La la la la la la la la....

I'd like to sing a song for you
 I'd like to share my heart with you
 To thank you for all the gifts you give to me
 And of all the gifts I've known
 I'll remember for so long
 You give me hope, you give me strength, you give me love

Chorus I: So I thank you for so many things
 You give to me each day
 For all the things I learn and fun we share
 and friendship on the way
 But thank you for these many things
 is really not enough
 What I really want to thank you for
 Is your special gift of love

Bridge: For you help me smile, when sometimes I cry
 You will always be my friend
 And the feelings I have here in my heart
 Will never, ever end

Chorus II: So I thank you for so many things
 You give to me each day
 For all the songs we sing and jokes you tell
 and laughter on the way
 But thank you for these many things
 is really not enough
 What I really want to thank you for
 Yes, I really want to thank you for
 Your special gift of love
 Your special gift of love
